

Carbon Black • SC159 • SC119

SC159

SC159 was developed as a highly conductive carbon black. SC159 imparts electrical conductivity to rubber and plastic products at low loading levels.

SC119

SC119 was developed as a cost effective conductive carbon black. SC119 imparts electrical conductivity to rubber and plastic products while also offering improved processability.

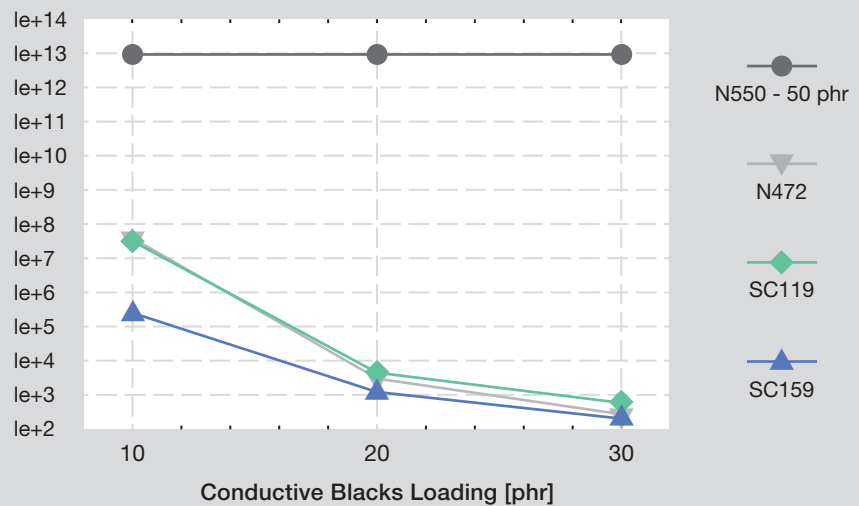

TYPICAL APPLICATIONS

- Any rubber or plastic application where increased conductivity is required
